Does your school have a functioning Student Government Association, Parent Teacher Association, Alumni Association? If so great! If not, 1st Saturday's promotes schools to plan and create these school-based membership based organizations. Does your school have a garden and need assistance in improving it? The collaboration of these organizations is what we call #Familyhood. Every school should have their own #Familyhood and gain the capacity to operate their school garden, farmers market and future grocery store.
